

# ULINE H-1930 3M HAND-MASKER DISPENSER

1-800-295-5510  
uline.com

## SETUP

1. Determine the width of the masking tape to be used. Select the hole on the blade that matches the tape width. (See Figure 1)

2. Position the blade locking-pin in line with the blade hole and press, locking it onto the pin. (See Figure 2)

**CAUTION!** Serrated edge is sharp. Avoid direct contact when replacing the blade.

3. To remove blade, press firmly on either side of the blade locking-pin. (See Figure 3)

4. Load roll onto dispenser. (See Figure 4)

**NOTE:** Ensure end of roll faces blade.

5. Load tape onto dispenser. (See Figure 5)

**NOTE:** Ensure end of tape faces blade.

## SETUP CONTINUED

6. Thread tape through holder and onto roll. (See Figure 6)

7. Run roll with tape beyond blade prior to use. (See Figure 7)

## 3M HAND-MASKER

### DESPACHADOR

800-295-5510  
uline.mx

## CONFIGURACIÓN

1. Determine el ancho de la cinta masking que va a utilizar. Seleccione el orificio de la navaja que coincida con el ancho de la cinta. (Vea Diagrama 1)

2. Posicione el pasador de bloqueo de la navaja en línea con el orificio de la navaja y presione, asegurándolo al pasador. (Vea Diagrama 2)

**¡PRECAUCIÓN!** El borde dentado es filoso. Evite el contacto directo al reemplazar la navaja.

3. Para retirar la navaja, presione firmemente en cualquiera de los lados del pasador de bloqueo de la navaja. (Vea Diagrama 3)

4. Cargue el rollo en el despachador. (Vea Diagrama 4)

**NOTA:** Asegúrese de que el extremo apunte hacia la navaja.

5. Cargue la cinta adhesiva en el despachador. (Vea Diagrama 5)

**NOTA:** Asegúrese de que el extremo apunte hacia la navaja.

## CONTINUACIÓN DE CONFIGURACIÓN

6. Pase la cinta por el portarrollo y en el rollo.  
(Vea Diagrama 6)

7. Pase el rollo con cinta más allá de la navaja antes de usarlo. (Vea Diagrama 7)

## INSTALLATION

1. Déterminez la largeur du ruban-cache à utiliser. Choisissez le trou sur la lame qui convient à la largeur du ruban. (Voir Figure 1)

2. Alignez la goupille d'arrêt de la lame sur le trou de la lame et appuyez pour la verrouiller. (Voir Figure 2)

**MISE EN GARDE!** La lame dentelée est tranchante. Évitez tout contact avec la lame.

3. Pour retirer la lame, appuyez fermement de chaque côté de la goupille d'arrêt de la lame. (Voir Figure 3)

4. Placez un rouleau dans le dévidoir. (Voir Figure 4)

**REMARQUE :** Veillez à ce que l'extrémité du rouleau soit devant la lame.

5. Installez le rouleau de ruban dans le dévidoir. (Voir Figure 5)

**REMARQUE :** Placez l'extrémité du rouleau devant la lame.

## INSTALLATION SUITE

6. Enfilez le ruban sous le support et sur le rouleau.  
(Voir Figure 6)

7. Déroulez le ruban au-delà de la lame avant l'emploi.  
(Voir Figure 7)
