

ULINE H-6674

8" STANDARD INSPECTION MIRROR

1-800-295-5510

uline.com

TOOLS NEEDED

Phillips Screwdriver

9/16" Wrench

PARTS

Mirror x 1

Handle x 1

Cap Nut x 1

Lock Washer x 1

Washer x 1

ASSEMBLY

1. Remove cap nut, lock washer and washer from mirror assembly. (See Figure 1)

2. Attach handle to mirror assembly as shown. Use 9/16" wrench to fully tighten handle to mirror assembly. (See Figure 2)

ASSEMBLY CONTINUED

- To adjust mirror angle, use a Phillips screwdriver to loosen three screws on mirror assembly. Then, adjust mirror as needed and re-tighten mirror adjustment screws. (See Figure 3)

MAINTENANCE

To clean mirror, use a mild glass cleaner and a soft cloth.

WARNING! Do not use any cleaner containing ammonia, as this could damage the mirror.

ESPEJO DE INSPECCION ESTÁNDAR DE 8"

800-295-5510

uline.mx

HERRAMIENTAS NECESARIAS

Desarmador de Cruz

Llave de 9/16"

PARTES

1 Espejo

1 Tuerca Bellota

1 Mango

1 Rondana de Seguro

1 Rondana

INSTRUCCIONES

1. Retire la tuerca bellota y la rondana del ensamble del espejo. (Vea Diagrama 1)

2. Una el mango al ensamble del espejo como se muestra. Utilice una llave de 9/16" para apretar completamente el mango al ensamble del espejo. (Vea Diagrama 2)

CONTINUACIÓN DE INSTRUCCIONES

- Para ajustar el ángulo del espejo, utilice un desarmador de cruz para aflojar los tres tornillos en el ensamblaje del espejo. Despues, ajuste el espejo según sea necesario y vuelva a apretar los tornillos de ajuste del espejo. (Vea Diagrama 3)

MANTENIMIENTO

Para limpiar el espejo, utilice un limpiador de vidrios ligero y un trapo suave.

iADVERTENCIA! No utilice ningún limpiador que contenga amoniaco, ya que esto puede dañar el espejo.

MIROIR D'INSPECTION STANDARD – 8 PO

1-800-295-5510

uline.ca

TOOLS NEEDED

Tournevis cruciforme

Clé de 9/16 po

PIÈCES

Miroir x 1

Manche x 1

Écrou borgne x 1

Rondelle de blocage x 1

Rondelle x 1

INSTRUCTIONS

1. Retirez du miroir l'écrou borgne, la rondelle de blocage et la rondelle. (Voir Figure 1)

2. Fixez le manche au miroir comme illustré. Utilisez la clé de 9/16 po pour serrer fortement. (Voir Figure 2)

INSTRUCTIONS SUITE

3. Pour ajuster l'angle du miroir, utilisez le tournevis cruciforme afin de desserrer les trois vis sur le miroir. Ajustez ensuite le miroir comme désiré et resserrez les vis de réglage. (Voir Figure 3)

ENTRETIEN

Pour nettoyer le miroir, utilisez un nettoyant à vitre non agressif et un chiffon doux.

AVERTISSEMENT! N'utilisez pas de nettoyant à l'ammoniac pouvant endommager le miroir.
