TOOLS NEEDED

Phillips Screwdriver

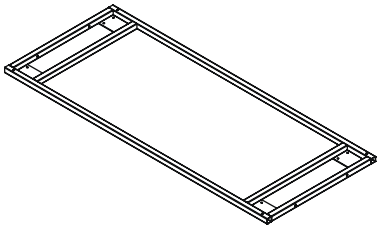

1/2" Wrench

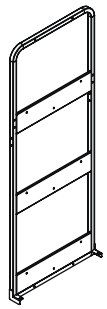

11 mm Wrench

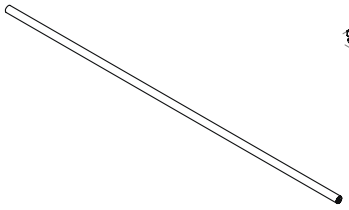

PARTS

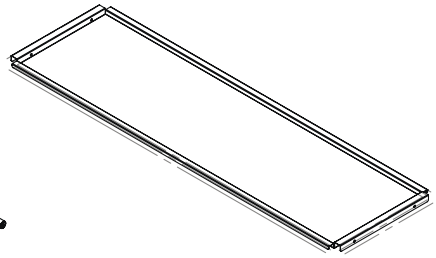

Base x 1

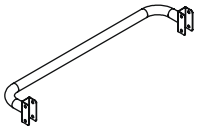

End Panel x 2

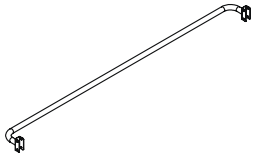

Shelf Rod x 9

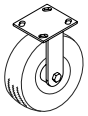

Top x 1

Short Handle x 2

Long Handle x 1

Rigid Caster x 2

Swivel Caster with Brake x 2

Washer x 16

Lock Washer x 16

Locknut x 24

Phillips Head Bolt x 24

Long Hex Head Bolt x 18

Short Hex Head Bolt x 16

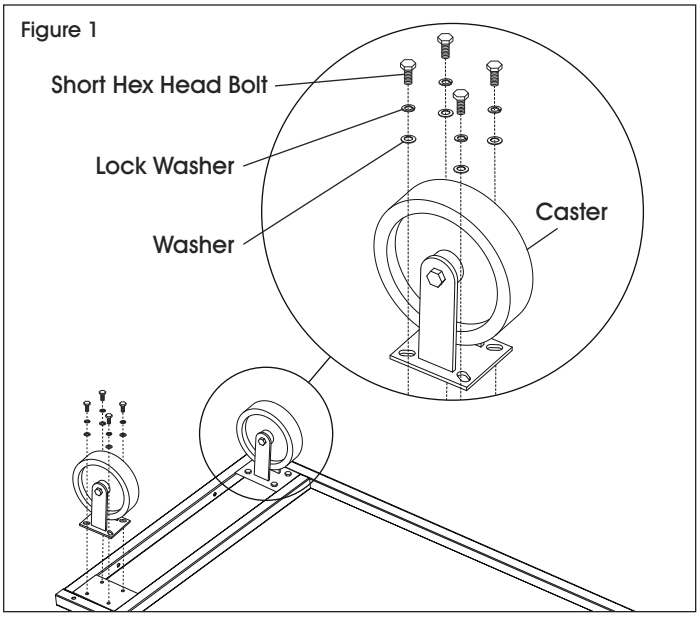

ASSEMBLY

NOTE: Do not fully tighten bolts until cart is completely assembled.

1. Attach casters to base using 16 short hex head bolts, lock washers and washers. (See Figure 1)

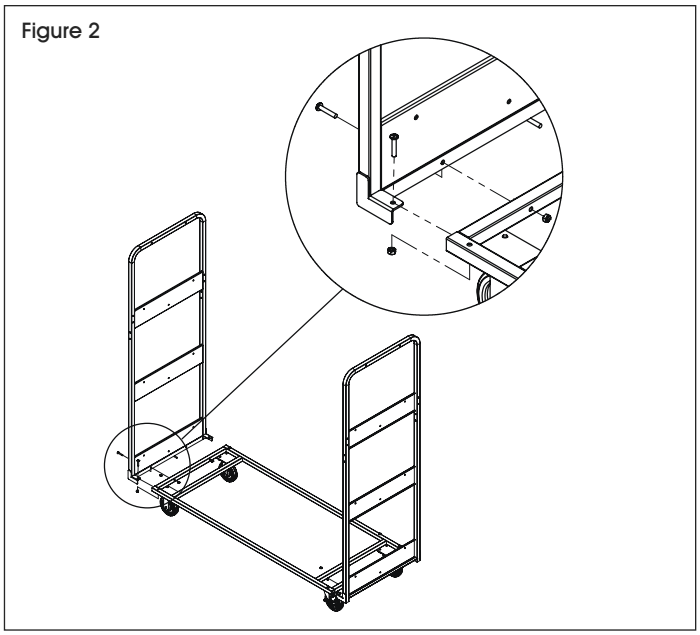

NOTE: Ensure same set of casters go on each end of base.

Figure 1

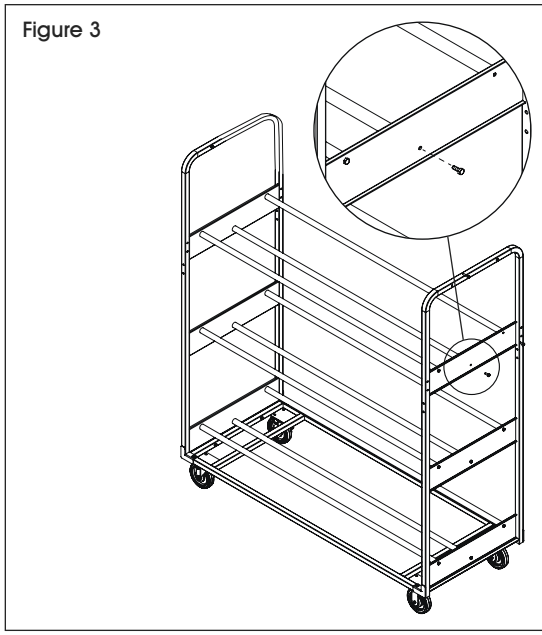

2. Turn base over onto its casters and attach end panels to base using four Phillips head bolts and locknuts per end panel. (See Figure 2)

Figure 2

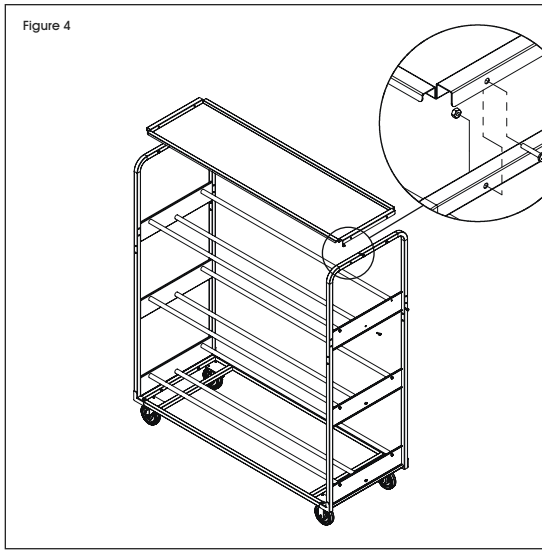

3. Attach three shelf rods per level to end panels using 18 long hex head bolts. (See Figure 3)

Figure 3

4. Attach top to end panels using four Phillips head bolts and locknuts. (See Figure 4)

Figure 4

ASSEMBLY CONTINUED

5. Attach short handles to both ends of cart using four Phillips head bolts and locknuts per handle. (See Figure 5)
6. Attach long handle to desired side of cart using four Phillips head bolts and locknuts. (See Figure 5)
7. Fully tighten all nuts and bolts.

CHARIOT DE MAGASINIER POUR BAC DE MANUTENTION

1 800 295-5510
uline.ca

TOOLS NEEDED

Tournevis cruciforme

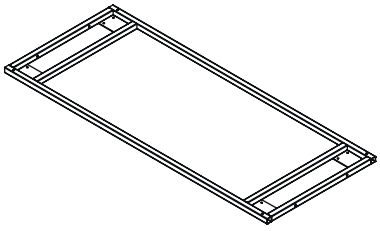

Clé de 1/2 po

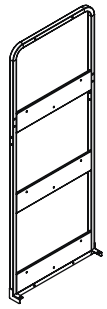

Clé de 11 mm

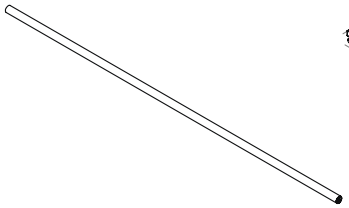

PIÈCES

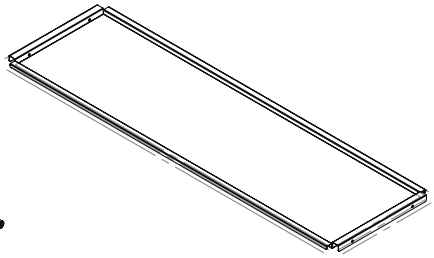

Base x 1

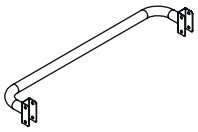

Panneau d'extrémité x 2

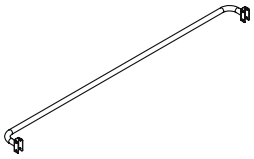

Tige de tablette x 9

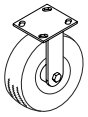

Partie supérieure x 1

Poignée courte x 2

Poignée longue x 1

Roulette fixe x 2

Roulette pivotante avec frein x 2

Rondelle x 16

Rondelle de blocage x 16

Écrou freiné x 24

Boulon cruciforme x 24

Boulon long hexagonal x 18

Boulon court hexagonal x 16

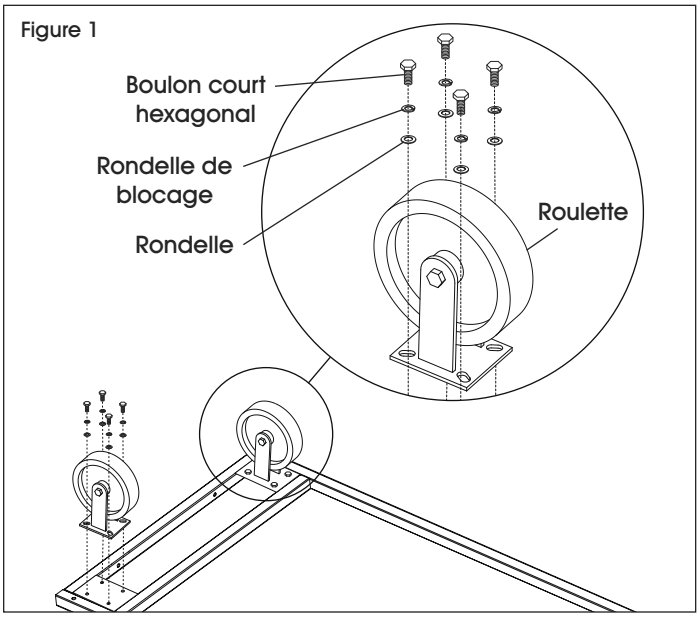

MONTAGE

REMARQUE : Ne serrez pas les boulons avant le montage complet du chariot.

1. Fixez les roulettes à la base à l'aide de seize boulons courts hexagonaux, rondelles de blocage et rondelles. (Voir Figure 1)

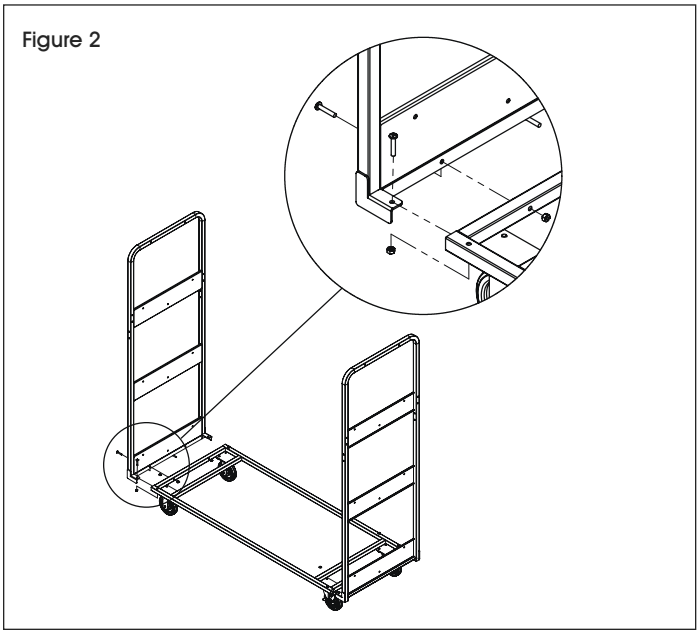

REMARQUE : Assurez-vous que le même type de roulette se trouve du même côté de la base.

Figure 1

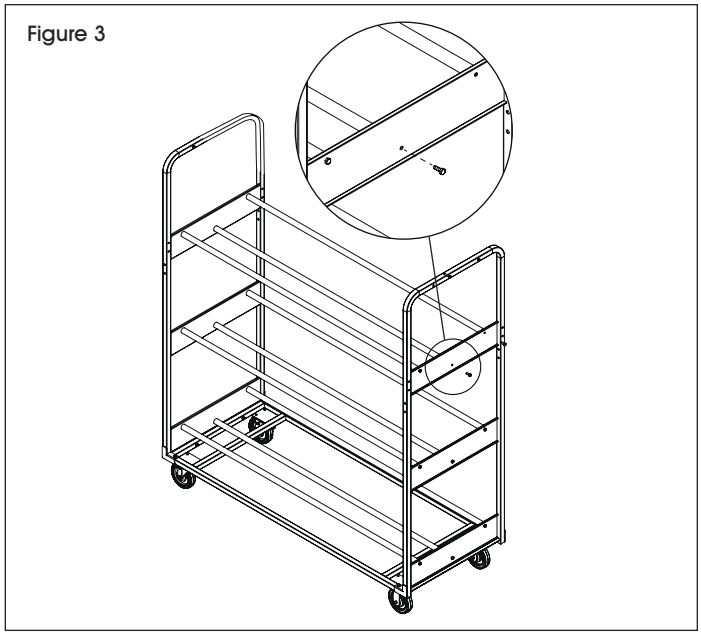

2. Tournez la base sur ses roulettes et fixez-y les panneaux d'extrémité à l'aide de quatre boulons cruciformes et écrous freinés par panneau d'extrémité. (Voir Figure 2)

Figure 2

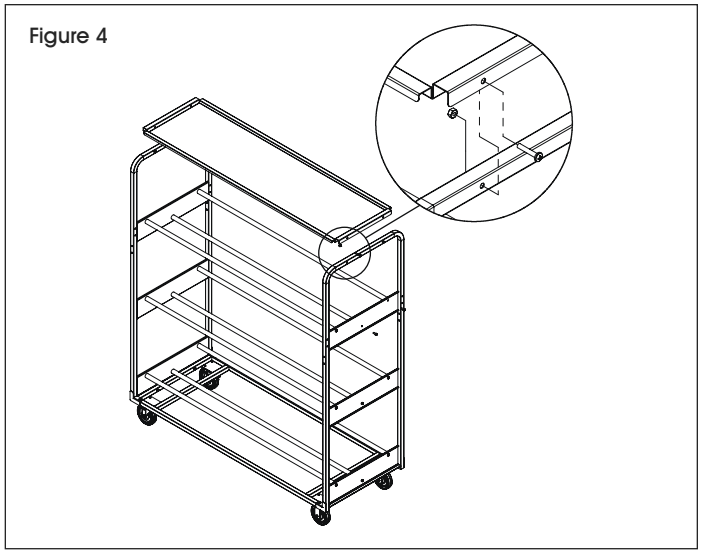

3. Fixez trois tiges de tablette sur les panneaux d'extrémité à chaque niveau à l'aide de dix-huit boulons longs hexagonaux. (Voir Figure 3)

Figure 3

4. Fixez la partie supérieure sur les panneaux d'extrémité à l'aide de quatre boulons cruciformes et écrous freinés. (Voir Figure 4)

Figure 4

MONTAGE SUITE

5. Fixez les poignées courtes sur les deux extrémités du chariot à l'aide de quatre boulons cruciformes et écrous freinés par poignée. (Voir Figure 5)
6. Fixez la poignée longue au chariot du côté désiré à l'aide de quatre boulons cruciformes et écrous freinés. (Voir Figure 5)
7. Serrez bien tous les écrous et boulons.
