BATTERY INSTALLATION

WARNING: Keep batteries away from children. If swallowed, promptly see doctor. Do not install batteries backward, charge them, put in fire or mix with used or other battery types. They may explode or leak, causing injury. Replace all batteries at the same time.

1. Flip out head strap mount and release latch. (See Figure 1)

2. Open battery compartment door. (See Figure 2)

3. Insert batteries according to inside diagram. (See Figure 3)

4. Close compartment door and snap latch to close. (See Figure 4)

STRAP INSTALLATION

1. Thread strap through bottom bracket. (See Figure 5)

3. Repeat steps 1 and 2 on the other side. (See Figure 7)

2. Pull strap through the slot and under top bracket. (See Figure 6)

COLOCACIÓN DE LAS BATERÍAS

ADVERTENCIA: Mantenga las baterías fuera del alcance de los niños. En caso de ingestión, visite a un médico de inmediato. No coloque las baterías al revés, no las recargue, no las coloque cerca del fuego ni las mezcle con baterías usadas o ningún otro tipo de baterías. Podrían explotar o tener fugas, ocasionando lesiones. Reemplace todas las baterías a la vez.

1. Saque el soporte de la correa para la cabeza y libere el pestillo. (Vea Diagrama 1)

2. Abra la cubierta del compartimento de la batería. (Vea Diagrama 2)

3. Inserte las baterías de acuerdo con lo indicado en el diagrama interior. (Vea Diagrama 3)

4. Cierre la cubierta del compartimento y trabe el pestillo para cerrarla. (Vea Diagrama 4)

COLOCACIÓN DE LA CORREA

1. Inserte la correa a través del soporte inferior. (Vea Diagrama 5)

3. Repita los pasos 1 y 2 en el otro lado. (Vea Diagrama 7)

2. Jale la correa a través de la ranura y por debajo del soporte superior. (Vea Diagrama 6)

INSTALLATION DES PILES

AVERTISSEMENT : Gardez les piles hors de la portée des enfants. Si une pile est avalée, consultez un médecin immédiatement. Évitez d'installer les piles dans le mauvais sens, de les charger, de les mettre au feu ou de les mélanger avec des piles usagées ou avec d'autres types de piles. Elles pourraient exploser ou fuir, et entraîner des blessures corporelles. Remplacez toutes les piles à la même fois.

1. Retournez la sangle frontale et dégagez le loquet. (Voir Figure 1)

2. Ouvrez la porte du compartiment à piles. (Voir Figure 2)

3. Insérez les piles selon le schéma à l'intérieur. (Voir Figure 3)

4. Fermez la porte du compartiment à piles et encliquez le loquet pour fermer. (Voir Figure 4)

INSTALLATION DE LA SANGLE

1. Enfilez la sangle dans le support inférieur. (Voir Figure 5)

2. Tirez la sangle à travers la fente et sous le support supérieur. (Voir Figure 6)

3. Répétez les étapes 1 et 2 pour l'autre côté. (Voir Figure 7)
