## INSTALLATION

1. Fixez l'extrémité fileté du tuyau à l'extincteur. Tournez le tuyau dans le sens horaire jusqu'à ce qu'il soit bien serré. (Voir Figure 1)

Figure 1

2. Fixez le manche à l'extrémité opposée du tuyau avec le raccord rapide intégré. (Voir Figure 2)

Figure 2

3. Rangez le manche sur le côté du corps de l'extincteur. (Voir Figure 3)

Figure 3
