MAILER GUIDE

DETERMINING THE SIZE OF YOUR MAILER

Width = Width of product + thickness of product + 1½"

Length = Length of product + thickness of product + 3½"

Helpful Hint: Thicker products require larger mailers.

BUBBLE AND PADDED MAILERS

SELF-SEAL BUBBLE MAILERS

3/16" thick bubble to protect delicate shipments. Seamless bottom.

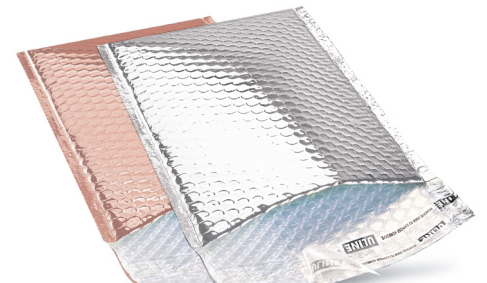

- Paper – Gold or White.
- Poly – White. Water-resistant and tear-proof.
- Gusseted Poly – White. 4" bottom gusset.

ECONOMY SELF-SEAL BUBBLE MAILERS

1/8" thick bubble to protect lightweight shipments and save on postage costs.

- Paper – Gold. Seam on bottom and both sides.
- Poly – White. Weatherproof and tear-resistant.
