## DISINFECTANT CHEMICAL KILL CLAIMS

| DISINFECTS                                         | CONTACT TIME |
|----------------------------------------------------|--------------|
| <b>BACTERIA</b>                                    |              |
| Adnetobacter Baumannü                              | 2 minutes    |
| Enterobacter Cloacae NDM-1 Positive                | 2 minutes    |
| ESBL Producing Escherichia Coli (E Coli)           | 2 minutes    |
| Klebsiella Pneumoniae KPC-2 Positive               | 2 minutes    |
| Vancomycin Resistant Enterococcus Laecalis (VRE)   | 2 minutes    |
| Methicillin Resistant Staphylococcus Aureus (MRSA) | 2 minutes    |
| Bordetella Pertussis                               | 2 minutes    |
| Escherichia Coli (E Coli)                          | 2 minutes    |
| Burkholderia Cepacia                               | 2 minutes    |
| Campylobacter Jejuni                               | 2 minutes    |
| Escherichia Coli 0157:H7                           | 2 minutes    |
| Klebsiella Pneumoniae                              | 2 minutes    |
| Pseudomonas Aeruginosa                             | 2 minutes    |
| Salmonella Entérica                                | 2 minutes    |
| Staphylococcus Aureus                              | 2 minutes    |
| Mycobacterium Bovis BCG (Tuberculosis)             | 1 minute     |
